Barium Messenger

VOL. 24 — BARIUM SPRINGS, N. C., AUGUST 1947 — NO. 10

The Message of the Pulpit

By Rev. R. S. Arrowood

I Cor. 12:31, But Covet earnestly the best gifts.

Dominant Desires

We all have desires - Those desires are mingled. We have good desires and bad desires. They often conflict. That was the experience of the Apostle Paul. He says, "For the good that I would I do not, but the evil that I would not I do."

There are sometimes conflict between desires which are both good. The Apostle Paul had a desire to remain on earth for the good of his work. He also had a desire to depart and be with Christ.

Now the desires which are strongest and so control us we call dominant desires.

Dominant Desires tend to attain their objects.

Little can be accomplished in life without an earnest desire.

Robert Burns the poet did much for his country Scotland. He tells of the dominant desire of his childhood.

"E'en then a wish (I mind its power)
A wish that to my latest hour
Shall strongly heave my breast,
That I for poor auld Scotland's sake
Some useful plan or book could make
Or sing a song at least."

A greater Scotchman was John Knox. He changed the life of Scotland; gave a plan for public schools established a Church goverment; gave a tremendous impression upon the world so that his ideals had much to do with establishing the free institutions in America. The great burden of John Knox was uttered in his prayers, "Lord give me Scotland or I die."

The great Dominant Desire of Christ he expressed in these words, "In the volume of the book it is written of me I have come to do Thy will O my God". Do we wonder that from the excellent glory

Vacation Hangover

(The Pleasant Kind)

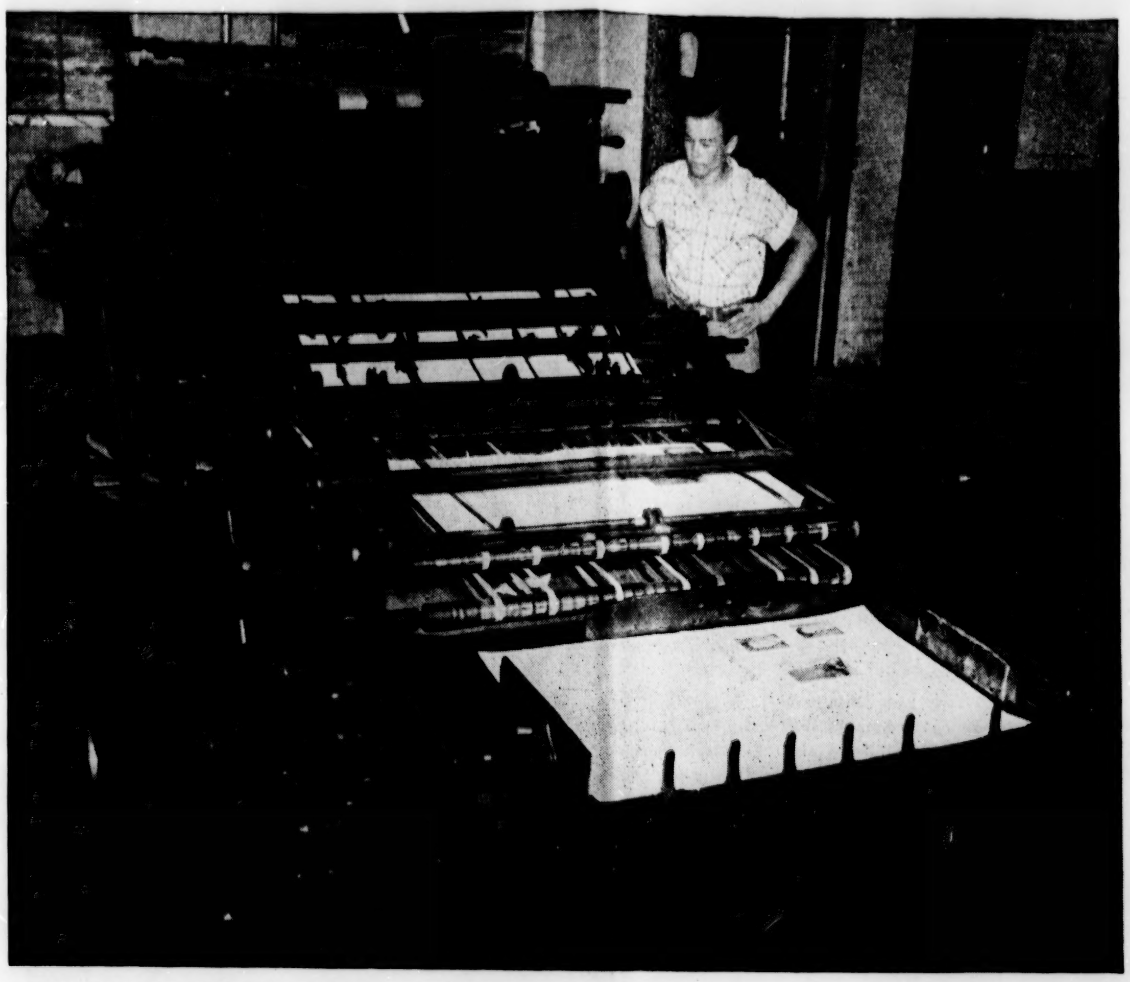
The account of our vacation trip to the West Coast brought so many letters that I feel I must make some acknowledgment in this paper. At first I attempted to acknowledge all the letters that came in but, believe it or not, too many of them came in for that, so this is a public acknowledgment and thanks to those who wrote in or called in about that article in last month's Messenger.

It is most gratifying to know that so many people even read the Messenger, and still more gratifying that so many people are interested in the movements of us here at Barium. Many people wrote in who had made a trip something like that. They had stopped at some of the same places and the article stirred up pleasant memories. Letters from others told of planning to make such a trip and they were inclined to follow the same routing that we used to such good profit. One man wrote in even threatening to enter suit since our description of the trip had created so much enthusiasm in his family that he saw he was going to have to send or take them on that same trip and it was going to cost him a lot of money. He felt that he had a justifiable suit against me for stirring up all that enthusiasm! Of course, that was all in fun.

There is nothing we like to do more than to meet old friends and to make new ones, and this trip was so prolific in both of those - not only the trip itself but the tell-

(Continued On Page Three)

It Prints The Barium Messenger



The pictures which we present in the Messenger are usually of people. This time it is a picture of a machine at work - a very important machine - it prints the Messenger for you every month. Ordinarily, it is a right good-natured bunch of metal, but there are times when it is just as cantankerous as flesh and blood.

There was a time when the Messenger was quite a young publication and the type was set by hand and printed on a hand-fed press. It took a lot of doing to get it ready but the mailing list was not so large, so we managed to get it out on time every month - that is most every month. One time a boy was carrying the forms to the press and stumped his toe and dropped the type which had been set up for one whole page. The echoes of the groan that went up in the printing office still resound at Barium. That was a calamity of the first water. The type was pied - it had to be picked up and separated and then reset, and such a time that turned out to be.

As time went on a linotype machine was put in and that made the type-setting easier, but it did not make the printing any easier, and as the mailing list grew from five thousand to ten thousand to fifteen thousand and finally to twenty thousand it was quite a job to get that paper out. Then we installed this completely automatic press. You are supposed to pile the paper on top of it and it feeds itself, prints the paper and deposits it on a platform. All you have to do is to pick that paper up again and put it on top and let it run through and print the other side, just as simple as that. Well, that sounds nice and the boy can just stand there and look on as the paper goes through when everything is working right, but there are some five hundred different things that can go wrong in this piece of machinery. The paper can be too dry and get static in it, or the ink can act bad, or the feeding apparatus can get out of fix, or the paper sticks to the rollers. Mr. Kyles, who is the head of the printing department is entirely bald on top of his head. He is the only member of his family who has lost his hair. It did not fall out - it was pulled out just a little bit at a time when this big machine would take a notion to have a bad day. However, Mr. Kyles still has some hair left and an enormous amount of patience, and as a result this machine behaves nicely most of the time. Once a month it prints enough Messengers for a mailing list of twenty-five thousand. It prints our Annuals, and does a lot of other special work in the course of the year. It is like the little girl with the curl right in the middle of her forehead, when it is good it is very, very good, and when it is bad it is horrid.

School at Barium To Open Aug. 28

By the time you receive this, school at Barium Springs will have started and all the young people will be busy with their algebra, geography, reading, writing and arithmetic, and the grown folks will be busy at their various jobs. In the summer time this process is reversed somewhat. Many of the teachers go to summer school, and then there are various schools for the rest of us too. Down at Chapel Hill there is held every year an Institute for orphanage executives. We have been represented at that Institute for the last three years and found it very helpful. This year two of us took in the week designed for the executives. Some twenty-three orphanage superintendents were present. Many things were discussed and experiences told which will result, we hope, in all of the orphanages represented doing a better job. We hope that in our own case, certainly, we may

(Continued On Page Three)

Dr. A. T. Jamison

On August 9th in Greewood, South Carolina, Dr. A. T. Jamison passed away. Dr. Jamison was eighty-one years old, and yet to those of us who knew him he was so vigorous, and alert, and as interested in orphanage affairs as when we first knew him twenty-five or more years ago.

Dr. Jamison was the superintendent of Connie Maxwell Orpanage for forty-six years. Just a year ago he laid down the work of superintendent, turning it over to a man who had grown up under him as a student, as an assistant, as a co-superintendent, and finally as full superintendent.

Dr. Jamison was one of those people who dared to be different. He was not tied down by convention or practices which most people are afraid to break. If a thing appeared good, although it were different and new, he would try it, and as a result the institution which he adminstered was a leader for many

(Continued On Page Three)

Many New Faces Seen on the Campus

By the time this issue of The Messenger reaches you school will be starting and all the vacationers will be back at Barium. That means not only children but teachers and workers. There will be some old friends missed - the Barkleys, the Bentons, Miss Burroughs and Miss Greene. We are going to miss all of them. In their places will be Mr. Archie Calhoun and his wife who will both have work in the Grammar School; Miss Ernestine Cullom will replace Miss Burroughs. Miss Cullom substituted here two years ago at Rumple Hall and I am sure most of us here at Barium remember her most pleasantly. Miss Margaret Ritchie will take over Miss Greene's work. Miss Dorothy Deal will be Miss Carpenter's assistant. Then there will be some additions to our staff of matrons. Miss Nell Richards has taken work at the Baby Cottage since school was out and she will be new to many of

MAINTENANCE DEPARTMENT

In this article I shall try to inform you of the maintenance department, its groups and their accomplishments this summer.

This is the largest working department at Barium. It is subdivided into three groups, all of which are under the general supervision of Mr. John W. Ervin. The three subdivisions are as follows: The Campus group, the plumbing and Electrical group and the Carpenter group.

I shall take each group, beginning with the smallest, and give you some idea of their work.

The plumbing group is composed of four high school boys, their foreman, and a boiler attendent who are in order named: Herbert Good, J. D. Everett, Ray Clark, Mason Traywick, Mr. Isaac White (director) and Walter Williams, boiler attendent. This group is in charge of all plumbing and electrical work on the campus. They are kept busy repairing bath rooms, fixing faulty wiring, broken irons, supplying the campus with light bulbs and other electrical appliances. This summers work has been composed largely of installing plumbing in the chicken farm attendents' house, wiring the new shop and moving in, cleaning the water tank. They are right now in the midst of putting a new wall in the cold storage. This group is one the campus could not do without. They are on call twenty-four hours a day, and on all holidays, so you

Campus News

(Continued From Page One)

can see for yourself just how important their work is.

The campus group. This group has twenty nine boys on it, and is directed by Mr. R. E. Jackins. It is more an occupational group; formed to give boys from 9-12 years of age something to keep them busy and prepare them for heavier work. There are three larger boys who do the heavier work and Amos Hardy, a Davidson College student, who is "foreman" of the smaller boys. He sees that the lighter work is done. As the name would imply, the campus group keeps the campus clean. They water shrubs and new trees that have just been set out, clean the drainage gutters, cut weeds, and pick black berries that are taken to the kitchen and served. They have just completed the hard job of clearing the fence of vines which obstructed the view and also distracted from the campus. This work is valuable; not only for what the group accomplishes, but also for the training and experience the boys receive in working as a group among many groups.

The third and last group is the Carpenter's group. It has the largest number of high school boys and older men than any of the other groups in the department. On it there are nine high school boys, who are: Jack Clark, Jack Mangum, Jerry Young, Johnny Merony Kenneth Walker, Kenneth Manus, James Wheeler, Paul Barnes, and Charles Barrett; four Carpenter employees, who are: Mr. M. F. Gabriel, Mr. T. A. Rumple, Mr. Joe Ben Gibbs, and Mr. Roscoe Smith. The last two named are Barium graduates. This is directed by Mr. John W. Ervin. The Carpenter's group does all repair work on the buildings, such as painting plastering and they also repair furniture. They construct most of the buildings, except the domitories and main buildings. This summer we have had experience in all three types of work; Constructive, destructive, and cleaning up. First we have built a nice dual bus garage for our two new buses. We have completed our large new shop which has a large basement for the plumbing group. I don't believe my group would like it if I didn't brag a little on the new shop. The building is very well constructed and will look better after it has the green lawn growing in front of it. Most of the machines in it are new and when the rest come in we will be able to do the finest type cabinet work. In the back of the shop are two large rooms and a bath room completed with a shower bath. There is plenty of room and it will be a great improvement over the old shop.

Another item we are now working on is our warehouse. It is to the right of the shop, and will be a storage house for our lumber. I'll give you a brief summary of the work we've done this summer besides what I have already named. We have repaired, plastered, painted ,and varnished the Lowrance house. The swimming pool got its first coat of paint. Claude Stinson's house has a new coat of paint along with the dairy barn fences the dairy barn, and Jennie Gilmer basement.

Mr. Johnston's roof has been painted and now plans are in progress to do the same to Annie Louise Cottage. Some of our summer work, that hasn't yet been completed is painting all the chicken houses, and major repairs on the Barkley and White residences.

The work and training that one gets on one of these groups largely takes the place of the vocational training that is taught in other schools.

These groups, although separated in name are not independant of the other groups. Each group is in constant need of the other, and by cooperating, we gain a smooth working department.

—Charles Barrett

ANNIE LOUISE COTTAGE

Hello Friends,

Here we are back again to tell you every thing that has happened since last month.

All of our little girls are back from their vacations and all of us had a very nice time. After we came back our matron and two big sisters got us ready to spend a whole week at our camp. Clara Mangum one of our big sisters went with us. Bonnie Odom, the other one, went with the other camp.

We started to camp Monday right after dinner and got down there about 2 o'clock. The first thing we did was to put lipstick and finger nail polish all over us. We kept it on all week and we still can't see how the girl's and boy's who went down to look after us put up with us, but I guess when they saw how we looked they just wondered what we would look like in 3 or 4 more years. But we still had a good time going in swimming and everything that goes with camp even with our looks. Now we are back and looking forward for school to start and the teachers coming back.

Our flower garden is real pretty now. We have flowers all over the house.

We have one little new girl to live with us. Her name is Bernice Kuykendall. We are very glad to have her live with us.

Until next month.

—Annie Louise Girls

BABY COTTAGE

Dear Friends,

So much has happened to us this month we hardly know where to begin.

First of all, Mama Nelson has been on her vacation for a whole month. We missed her very much, but Miss Cloyce Moose was a very good substitute. We hope she has enjoyed being with us as much as we have enjoyed having her.

We have been swimming lots of times this month when the weather was good and hot. We are all crazy about the water and some of us boys think we already know how to swim.

Miss Richards, our matron upstairs for the girls, and Miss Moose gave us a birthday party and we invited Mr. Johnston and Miss Carpenter. The cake was mighty pretty and also good! We all had such a nice time!

Our two big sisters - Florence Andrews and Anne Wilcox - are out at camp this week. Elsie Vest and Callie Dunn are helping keep us nice and clean. A mighty big job, isn't it Elsie and Callie?

All of us girls have had a short hair cut and you should see us now. Some of us hated to part with our curls, but we all look and feel very cool now.

Wonder if everybody has had as much watermelon as we have had lately? We are beginning to lose count of the number we have had now, but we can tell you they all have been very, very good!

Linda Lee Byrd, our next to the youngest baby, is just about to out weigh us all. She is two years old and weighs forty pounds. We all like to tease her about swallowing a watermelon seed and it is taking root in her "tummy".

We have been to the movies several times this month in our big yellow bus. It is just lots of fun to go riding in it and especially when we get to go to the show. Paul Horne took us out to camp in it, and oh boy - did we have a grand time. We played in the sand until we got so dirty that Miss Richards could hardly tell us apart when we got ready to leave.

Well folks, this is all the news for this time. Look for us again next month when we will be back to tell you more about our good times.

Until then - so long.

—The Babies

LEES COTTAGE

Vacation is over and we are looking forward to starting back to school.

All the boys in our cottage went to camp for a week and we sure did have fun. We went swimming twice a day and some of us went boat-riding.

We enjoyed having Miss McConnell with us during July, hope she can come back next summer.

Charles and Ray Smith's mother visited them Sunday. Mr. and Mrs. Beard and Mr. and Mrs. West came with her. They brought us ham and chicken and we had a picnic supper. Thank you folks.

We have been working at the office, fixing the yard. Miss Carpenter is going to put out some pansy plants.

We will be practicing football soon and then we will have fun.

Will have more to tell you next month.

—Lees Boys

INFIRMARY

Here we are bringing you the news from Sick Bay.

We have all returned from vacations and camp. The seniors were in charge of camp this year and we want them to know we had a wonderful time.

The men of our cottage are back to live with us again and we are very glad to have them.

Louise Harwell had a visit from her father and grandmother Saturday.

One of our girls, Vivian Jacumin left us to make her home with her sister in Valdese.

We still have Melva, Marie, Hazel and Louise to nurse the sick.

We are having a few sick people mostly sore throats and sore ears, nothing really serious.

Well guess we will say so long until next month.

— Marie Andrews
Melva Powell

SEWING ROOM

Hello Dear Friends,

We have just returned from a two weeks leave of absence to bring you the latest news from the Sewing Room.

Mrs. Smith has just returned from a two weeks rest period which we think she deserved very much after struggling through the summer with us.

All of us had the privelege of being councilors at Camp Fellowship this year. We enjoyed ourselves very much and we hope the children did even more.

Lu. Stricklin is walking around with her head in the clouds. The reason, too many long distance calls from the air corps boy lately.

Sadie Buie is busy collecting pictures from the sports page of the newspaper. That's the reason she hasn't been sewing so much.

We never see "Ernie" Baldwin at night. We wonder why? Everyone is guessing.

Bradly Manus and Lu. Strick. have been "feuding and fighting" over who they were going to invite to the Virginia Hall Social.

Mildred Monroe is wearing a class ring on her left hand. Is it the Marine from Camp Lejeune?

Betty Jo Smith is wondering if a certain team will enter the basketball tournament this year. Kinda early, aren,t you Jo?

Peggy Coffey has been hearing from a Marine lately, so we hear. What are you holding back on us, Pug?

Betty Coffey is busy thinking about the Kentucky Derby and a horse named Don. She doesn't think he's much of a horse though.

Va. Presnell has been dressing up even to come to work lately. Wonder why? Could it be some one is next door?

The people on the second camp all ran out to greet Pearl when she came to visit us. The gravey certainly looked better. It looked more like gravey than it did the day before. Isn't that right, Lu?

If we don't stop it'll take the whole Barium Messenger for us alone. What would everyone else do? Look for us next month.

— The Sewing Room Girls

HOWARD COTTAGE

Hello Folks,

Drop by sometime and see our house, it has been varnished and it looks so pretty.

We went to camp August fourth and we had the best time. When we had to come back some of the girls almost cried.

We have a new girl at our cottage, her name is Catherine Kuykendall.

All of our girls went on a vacation except four, their names are Shirley Shaw, Betty Lou Johnson, Shirley Jean Byrd and Carol Jean Andrews. They went to the show with the Baby Cottage and rode around with Miss Carpenter.

Miss Moose is coming over to live with us this winter. We are glad to have her.

We have six music students, Louise Bradshaw, Shirley Byrd, Linda Inman, Lois Dellinger Margaret Hucks and Larua Jane Craig. We can hardly wait for school to start.

—The Bean Stringers

SYNOD'S COTTAGE

Hello Everybody,

August is always a month of happiness for the Synod boys. The first week was spent at Camp Fellowship under the watchful eyes of Miss Dewie Buie and it was an event that we will always cherish and we have resolved to be good "Little Men" so we will be allowed to go again next year. We boated, swam and some of us fished, and we all hunted for uncle Remus and all of his animal friends, but most of all we surely did eat, and at bedtime we were lulled to sleep by the water from the river flowing over the shoals.

Louise Campbell and Shirley Inman our big sisters went to the second week of camp, reporting much fun and a most satisfactory rest and recreation period.

Mrs. Arrowood gave a see-saw to the boys of Synod's and Lees Cottage and we sure do thank her for it. The board is just a bit short (all the 26 little boys can't get on it at the same time) so we left it out in the rain hoping it will grow.

We are indebted to Miss Alice McConnell for the lovely book, to be used in aur devotional period. "Three Minutes With God." We remember her kindness and stories she told us.

The following conversation was overheard by our matron:

George Truelove: "Miss McConnell you tell stories so good, you must be Uncle Remus."

Jimmy Campbell: "George, she can't be Uncle Remus."

George: "Maybe she is Mrs. Remus."

Jimmy Campbell, Walter Plyler, and George Truelove all had birthdays and enjoyed the traditional spanking, George is still laughing.

We, Nat Craig, David Reid, Melvin Cannon, Richard Blackburn, Ralph Huddleston, Donnie Harrison, and Larry Terry have started our fall football training, by eating our food well so in eight years we shall be able to be on the varsity team.

The wigglers signing off.
Good-bye.

RUMPLE HALL

Hello Friends,

Here we are again, all back from vacations and camp, ready to start school again which starts August 28th.

August 11, we went to Camp Fellowship to spend a week. The seniors and Miss Carpenter were in charge, and oh boy! what a good time they did give us.

Mrs. Craig, our upstairs matron, has come back from her vacation and we are glad to have her back. Mrs. Hobgood, our dining room

(Continued On Page Three)

Campus News

(Continued From Page Two)

matron is on her vacation now. We will be so glad when she comes back. Mr. Calhoun is back from his vacation, and we are glad to hear his friendly laughs and listen to his jokes again.

They are fixing our dining room floor and it really does look grand.

Until next month.

—Mattie Marie Plummer
Dorothy Surles.

THE QUADS

This is the quads bringing you the latest news of the month.

The quads are very glad to have two new house keepers, Mrs. J. D. Lackey and Mrs. White. We know they will do their best to keep the buildings clean.

Peaches are now in full swing and everyone is enjoying them.

Mr. Jackins just got back from his two weeks vacation at the beach. Paul Horne, a Davidson student, took over his work.

—Reporters, Jim and Rufus.

WOMAN'S BUILDING

Dear Friends,

Since we are all back from our vacations and camp we have begun thinking of school which is not very far off. I believe every one of the boys and girls are excited about its beginning.

We are all very happy that we have gotten our house cleaned up, the halls upstairs and down stairs have been varnished. They shine so well that you can almost see yourself in them.

Mrs. Bryant is now taking her vacation during the month of August. We all hope that she gets plenty of rest.

The campus seems natural to have Mr. Calhoun back from his vacation.

So long until next month.

—Elizabeth Johnson.

PRINTING NEWS

All of our valuable men are back with us as the motors start rolling again for the messenger. We are all postive that our crew members had a grand vacation. Two of our important members have just arrived from their week at Camp Fellowship, where we had a most enjoyable and pleasant week.

Since June, something new has been added. He happens to be the one and only Rufus W. C. Clark, we cordially welcome him to our staff. We say good-bye until September.

—Donald Mitchell

JENNIE GIMER

Hello Everyone,

Our vacation and camping days are over now and we all have many pleasant memories of the times we've had all summer. Our thoughts are turning toward school and football. Practice begins to-morrow for football, and that is the type of work we all enjoy.

We missed Mr. and Mrs. Johnston the month they were gone, but are glad they could make the trip. We read all about the good times they had in the last Messenger.

One of the circles in Mooresville has been doing so many nice things for our cottage. We want to thank them all and especially Mrs. Melchoir for the books, candy, and the birthday gifts for the boys.

Well, we wish you all the best of everything until next time.

—The Jennie Gilmer Boys.

THE MINISTER'S CAR

Isn't it about time you elders, deacons and members of our churches waked up to the fact, that your pastor's car is just as essentially a part of your church equipment as your building, organ, pianoes, furnace and the like? It has a vital place in the life of your church. It is used not just on Sundays and a few times in the week. It is used every day, night and day, to carry forward the word of the Kingdom. It makes possible for your minister in pastoral visiting, to cover a wide area in the shortest time possible, and to meet promptly emergency calls. It is a constant moving force for mercy, righteousness and loving-kindness. It is an essential part of the life of the modern church. Face the facts of the cost and maintenance of an automobile in constant use and service. From actual experience, I know that the cost of purchase, and maintenance of a low priced car averages around $500-600 a year. This, of course, includes running expenses, depreciation, insurance and replacements. Your minister gives, as you do, to every phase of the life of your church. He has unnumbered calls upon him for charity which come to him because he is your representative. Is it fair to him to ask to shoulder, in addition, the expense of $500-$600 a year, to purchase and maintain a car, which is used almost exclusively for the good of your church or mission?

— The Presbyterian Outlook.

IMMORTALITY

Death is not the end; it is only a new beginning. Death is not the master of the house; he is only the porter at the King's lodge, appointed to open the gate and let in the King's guests into the realm of eternal day. And so shall we be ever with the Lord. And so the range of three score years and ten is not the limit of our life. Our life is not a land-locked lake enclosed within the shore lines of seventy years. It is an arm of the sea, and where the shore-lines seem to meet in old age, they open out into the infinite. And so we must build for those larger waters. We must lay our life plans on the scale of the infinite, not as though we were only pilgrams of time, but as children of eternity! We are immortal! How, then, shall we live today in prospect of the eternal morrow?

— John Henry Jowett in the Watchman-Examiner.

NO TIME

I have no time to find fault with others,
I have too many faults of my own;
While I, myself may not know them
I'm sure to others they're known.
I have no time for idle gossip,
It may all be a lie,
And soon the story will die out
If everyone passes it by.
I have no time to believe everything I hear,
And to others the story repeat;
I would rather obey the Golden Rule
And be kind to all whom I meet.
I have no time to listen to those who tell
Something to stir up strife.
Far better to tell of good deeds done
And brighten the journey of life.
I have no time to be moody and lonely,
No time to be gloomy and sad.
It takes all my spare time planning
How I can help make others glad.

BIRDS

The merry singing of the birds,
Is wonderful to hear.
The song must have such pretty words,
For a melody so dear.
If ever you've listened to a bird,
Singing so brave and strong,
It's the prettiest sound you've ever heard
Singing such a merry song.
Whenever you are down and out,
And ready for a tear,
A bird's song says, "Cheer up, Cheer up;
Be happy now for Spring is here!"

—Kathleen Monroe

Church. He and his wife spent a few days with Mr. and Mrs. Johnston recently.

Leila Johnston spent a week in Montreat and has also made a visit to Rocky Mount recently.

Mrs. R. G. Barnes (Phyllis Morgan) is living in Wilson.

Mrs. Milton H. Aycock (Nancy Parcell) is spending some time in Cleveland with her mother. Nancy has been living in Wisconsin.

L. D. McConnell, an old timer of Vass made a short visit to Barium.

Born to Evelyn and Joe White of Spindale on July 19 a son Charles Jefferies. He weighed 7 pounds 12 ounces.

Mr. and Mrs. Earl W. Jordon (Mildred Warner) of Chalotte announced the birth of a daughter, Rosemary Jordon on July 15th.

Born to Mr. and Mrs. Douglas McRae of Banner Elk a daughter Patricia Louise on July 12th. Patricia Louise is Lorena Warner's first grandchild.

Born to William (Al) and Mrs. Smith of Salisbury on July 25th a daughter, Lauren Elise.

Born on July 24th to Mr. and Mrs. Henry Alessandrini of Cleveland, Ohio, a son Anthony. Weight 7 pounds 8 ounces.

Betty Mae Traywick was a recent visitor at Barium.

Eleanor Pope who worked at Barium for a month this summer has returned to Charlotte. She is planning to enter Flora Macdonald this fall.

Many New Faces

(Continued From Page One)

our staff, although she has been with us for most of the summer. Mrs. Jessie Stephens of Wilmington will take work here the first of September. Mrs. Joe Ben Gibbs will be a newcomer also. Joe Ben has been with us for some time and is now bringing his wife to live in one of the apartments in the Quadrangle.

The new children who have come in during the summer are as follows: Charles and Ray Smith from Fayetteville came in early in the summer; Linda Byrd, quite a young lady - about our youngest; Kathleen Keesler from Charlotte; Tyressa Taylor from Durham; Joe and Ruth Barkley from Charlotte; Lawton Rice from Charlotte; Jacqueline, Katherine and Bernice Kuykendall from Charlotte.

Vacation Hangover

(Continued From Page One)

ing of it afterwards, that we are more firmly convinced than ever that it is our duty to make a trip like this every year, so look out! If this ever becomes boresome, remember a lot of you had a hand in bringing it on yourselves.

When you come to think of it our trip only touched twenty states and there are forty-eight states in this big Union of ours. That is material for several years of such trips as we made, and in every part of this nation there are things to thrill and inspire one.

It would be interesting to get on a boat at New Orleans and ride out to open sea in the St. Lawrence - that can be done; or to take a boat at Pittsburgh and finally land at Knoxville, Tennessee, or up the Missouri just as far as you like to go. It takes time for these things, but wouldn't it be fun?

While on the Mississippi it would be a good idea to have a big stack of Mark Twain's novels to bring the Mississippi alive to you.

All of this is just by way of warning that probably next July you will be reading in the Messenger about the ramblings of those itchy-footed Johnstons off on another trip, and we hope we meet as many interesting people and hear from as many old and new friends when we come back to tell about it.

Dr. A. T. Jamison

(Continued From Page One)

years, not only in the South but in the Nation. He was a pioneer in Mother's Aid Programs. He led the South in case work. He was an exponent of the Cottage System and his was one of the first institutions to use boarding homes as a supplement to institutional care.

Dr. Jamison was one of the charter members of the Tri-State Orphanage Conference, and through 1945 he never missed a meeting of that Association. Upon his retirement he did not attend the one meeting which was held between his retirement and his death.

Dr. Jamison will be missed by more people than any man we know.

School at Barium

(Continued From Page One)

not make mistakes that we might have made had we not heard the experiences of other people in the same work.

Following the Institute for executives, a week for Cottage Mothers was held, and Mrs. Mary Bryant took that in. So during the summer months while the children were vacationing the grown folks were going to school.

The Message of the

(Continued From Page One)

was heard the words of God the Father, "This is my beloved son in whom I am well pleased."

The reason Dominant Desires tend to attain their object is because we thus concentrate our powers in that direction. John Burroughs said, "If you have a thing in mind it is not long before you have it in hand." I am not speaking of idle day dreaming, air castles which lay no foundations and build no walls. I am speaking of real definite dominant desire.

Also in the pursuit of our dominant desires, if they are right and proper and in accordance with God's will, we may count on the help of God Himself. For God answers prayer and as the old hymn has it.

"Prayer is the souls' sincere desire unuttered or expressed".

If our dominant desires are high and holy. If we strive for them with our lives and pray with our lips our prayer will be answered.

We show our dominant desires by what we are willing to sacrifice for. If a boy or girl wants an education bad enough, it can be gotten. If a man or woman wants to be good strong enough, sin will be given up. If we really want the world to be saved we will give our effort and money to that end.

Paul's dominant desire made him the great missionary of all time. Chirst's dominant desire made Him the Saviour of the world.

And so we would ask ourselves what motive controlls us. What is my dominant desire? Is it something small, temporal fruitless, empty and frivolous, or is it noble high and true, one that I may feel is a part of the great purpose and plan of God for His world, as eternal as God Himself.

"For the world passes away and the lust (the desire) thereof. But he that doeth the will of God abideth forever".

PRAYER

Our Father God we are very grateful for another day begun in Thy mercy. We have lain us down and slept, we have arisen because thou hast sustained us. As the sun has chased away the shadows of the night may the sun of Righteousness arise in our hearts with healing in its wings to drive away all darkness of sin all shadow of sorrow that this may be a joyous day in Thy service.

For the talents of hand and heart which Thou hast given we offer to Thee our thanks. Grant that none may use the gifts of a generous God in a low or evil manner. But give us ever higher and higher aspirations after a noble and useful life. May we seek to serve in the higher spiritual realm of life which alone is eternal. Bless us, use us, inspire us. Through Christ our Lord.
